

 **ANIMAL HEALTH**

D9 ANIMAL HEALTH LINE SPECIAL Large Cattle Farms

-  Extended flow range
-  Reinforced reliability and simpler maintenance
-  Optimised chemical resistance

NEW

-  Extremely simplified hydraulic motor (35 parts as opposed to 96 in the D8)
-  No metal parts in the motor. Valve activation system with plastic spring
-  Increased reliability and service life due to the reduction in the number of moving parts
-  Very easy maintenance due to a simplified design.

The DOSATRON D9 Animal Health The design of this dosing pump was carried out following Eco-Design Guidelines from the APESA, French Technological Center for Environment and Risk Management.

NEW

D9AL

Water flow: **500 l/h min.** - **9 m³/h max.**

ANIMAL HEALTH

- Supplementation
- Medication
- Acidification
- Sanitising of pipelines
- Hygiene and biosecurity

Extended flow range

Compatible with flows of up to 9 m³/h to treat 12.5% additional animals.

Reinforced reliability and simplified maintenance

Streamlined motor design

- 60% fewer parts compared with a D8 dosing pump.

Easily interchangeable motor components:

- tool-free maintenance.

Optimised chemical resistance

Motor composed exclusively of high resistance plastic parts.

Compatible with most acidifying products and disinfectants currently used in farming.
